

## RS2 ATTENDS CARTES & IDENTIFICATION

RS2 Software p.l.c. (RS2) joined card industry executives from around the world to attend *Cartes & IDentification 2008*, the world's largest trade show for card technology and identification, held recently at the Villepinte Exhibition Centre, in the north of Paris.

The RS2 delegation was made up of Mr Radi El Haj, Managing Director of ITM, parent company of RS2 Software p.l.c., Mr Godwin Schembri Chief Technical Officer, Ms Angela Montanaro Marketing Manager, and Mr Gordon Borg Marketing Officer.

The annual rendezvous for electronic identification and card technology, this year brought together some 520 exhibitors and 20,000 delegates from 140 countries to attend this 23<sup>rd</sup> edition. Professionals from across industries, attending the event, included senior managers from banking, telecommunications, smart cards, computing and engineering, electronics and security industries, amongst others.

Mr Schembri pointed out that it was a very informative experience that shed light on the way card technology is forging ahead in today's world. He said: "The trade show brought together some of the industry's foremost minds to decide the future direction of cards, payments and technology."
